Lenten Series

This year during Lent (the period leading up to Easter, beginning with Ash Wednesday, 14th Feb) we will be looking at the topic of Discipleship - with the help of theologian Dietrich Bonhoeffer, looking at what it means to follow Jesus. This is a key area of our vision but more importantly, is the basis of our growth individually and as a church. There will be material provided for existing care cells - if you are not currently in a Carecell and would like to be or you would like to do this series with others, get in touch with Glen or the office today.
