are already doing.”*

Secret Sisters -  
connect, encourage,  
get to know & grow

*As a way of encouraging each other and getting to bless someone else who you may not otherwise do, why not consider becoming a Secret Sister. It's fun!*

*This concept is a way of providing encouragement in secret to a sister in Christ through cards, little gifts and prayer throughout the year, then find out who your secret sister is at the special "reveal event" later in the year.*

*The person blessing you won't be the one you are blessing.*

*We hope that you will join us in blessing, inspiring and encouraging one another.*

**Check out what these women think of Secret Sisters!**

*"It's true, small things can mean a lot - a cake - I burst into tears, I could barely say thank you through the flood of emotion. Then came more acts of kindness. I grew up without a Mum & all of a sudden a beautiful person God sent me, started to heal me in many ways. What many would consider a small act of kindness meant so much to me, it can change someone's day. Thank you my secret sister, mentor & new found friend.*

*Thank you Nativity Church."*

*"Being part of Secret Sisters for the last 2 years has been such fun. As the excitement builds for the 'Reveal Day' you wonder who could be this lovely person who has sent cards, baking or whatever - you imagine who it could be - ah how wonderful to get to know our sisters.*

*An exciting church initiative."*

*"Secret Sisters has been an amazing opportunity to bless another person. It has also been lovely to know someone else is praying for me. Gods' timing has been amazing when I received gifts & words of encouragement. At the 'Reveal Day' it was amazing to see how my secret sister was blessed by things I felt were insignificant."*

*"Secret Sisters is a great way to step out of your own world and reach (secretly for a time!) into someone else's. I have 2 new friendships from it and it has deepened others."*

*"Secret Sisters is .... A wonderful way to make new friends through a little giving and a little receiving."*

*"Our family was blessed through the Secret Sister experience. My husband enjoyed fellowship with the beautiful baking we received and our two children were excited to see what I received in the letter box and enjoyed helping me sneak gifts into my Secret Sister's letter box! It helped make the winter months that more enjoyable."*

**Maybe next year you will be sharing in this brochure how much you have been blessed by giving and receiving**
